ALBUM ADDITIONS AND UPGRADES

The basic album is a high quality coffee table book that includes 20 pages, each about the thickness of a magazine page. The cover is a custom photo hardcover, and a protective frosted storage case is included. Each page is custom designed and the bride has editorial control over the final product. Additional pages can be added in sets of 10 for \$100.

8x8 "mom" books with the same design as the bride's are available for \$150 each.

Our upgrade album company is one of the very finest in the business. Their simple, classic, yet modern style fits the Kristen Stewart Photography philosophy like a glove. Available in seven colors of the softest leather, these albums have sturdy, mounted pages and a fun storage case.

Upgrading starts at \$400 (for 20 pages, 10x10). Additional pages are \$25 for every 2 page spread. You can move up to a 12x12 size for an additional \$125.

10x10 Photo Guestbooks made with 10 of your favorite engagement shots are available for \$175.

Other options are available with similar, competitive pricing. If there is a product you'd like, just ask!
